EXPERIENCE

Software Developer Intern
Evren Bilgisayar

📅 03/2018 - 07/2018   📍 YTÜ Davutpaşa

It was a small but instructive experience mostly done with C# and web programming

- It was an experiential internship that I did during my break from school.

SUMMARY

I'm Ali, I just graduated in computer engineering. I would love to work in this company, add value and gain experience. My biggest goal is to be a software developer in a career that can set an example for my environment. People around me describe me as smart, adaptable, and thinking outside of the box

PROJECTS

Real Estate prediction
